LEVEL	CLASS	DESCRIPTION
ALL	Fitness Circuit	A variety of stations of cardio, strength, or endurance...you decide the intensity level.
LOW	Beginner Belly Dancing & Isolation	Slow break down of beginning moves with explanations of hand work and body isolations. Across the room moves are also taught and introduces beginner props.
LOW	SilverSneakers® Yoga	Formally Chair Yoga. Move your whole body through a complete series of seated and standing yoga poses. Chair support is offered to safely perform a variety of seated and standing postures designed to increase flexibility, balance and range of movement.
LOW	Holy Yoga	Christ centered class that incorporates gentle stretching, strength building, and balancing postures that aim to rejuvenate the body, mind, and spirit.
LOW	Mat Pilates Plus	Gentle yet challenging non-impact strength & toning. Uses mat on the floor and/or standing.
LOW	Pilates	Increase flexibility, mobility, balance, and body awareness.
LOW	Poolside Yoga	Warm yoga is a series of poses done in maintained (heated room) producing more warmth and flexibility to the body. Be sure to bring water, mat, extra towel and dress comfortably. No bathing suits. For any level.
LOW	SilverSneakers® Classic	Variety of exercises designed to increase muscular strength, range of movement, and activity. Hand weights, elastic bands with handles, and a ball are offered for resistance. Chair used for seated and/or standing support.
LOW	Silver Strength & Stretch	Strengthen and tone your muscles with weights and more while stretching.
LOW	Walk & Tone	Walking and strength exercises using weights and band to tone your whole body.
LOW	Zumba Gold	Latin and international dance rhythms for active older adult or beginner dancer.
MED	Aerobic Conditioning	Different types of aerobic exercises (hi/low and sports conditioning) and toning.
MED	Barre Envy (\$)	Non-impact class to strengthen, tone using ballet barre and light props. Yoga, ballet and Pilates.
MED	Barz & Bellz	Combination of barbells (RIPP style) & kettlebells used for cardio endurance and building strength.
MED	Energy Pump	This workout challenges all of our major muscle groups by using the best weight-room exercises like squats, presses, lifts and curls.
MED	Fit Body	Every class is different! Hi-lo, step, sculpting, Bosu work, partner exercises, and cardio challenges.
MED	Strong Women	Increase strength, balance, and muscle mass using a variety of barbells, dumb bells & body bars.
MED	TRX (\$)	Suspension training system that utilizes full core strength to engage every muscle in the body.
MED	Total Body Fitness	A combination of cardio and strength training designed to train your body head to toe.
MED	Tri Fit Circuit	A variety of aerobic and strength exercises designed to condition the whole body in a circuit format. This class is similar to Tri-fit Conditioning but in a circuit format.
MED	Tri Fit Conditioning	A variety of aerobic and strength exercises designed to condition the whole body. Includes light aerobics, sports conditioning and flexibility (unique styles offered by different instructors to achieve the same results).
MED	Zumba	An aerobic fitness program featuring movements inspired by various styles of Latin American dance and performed primarily to Latin American dance music.
HIGH	Cardio Blast	Different workout every time! Kickboxing, step, high/low impact, sports conditioning.
HIGH	HIIT Yoga	High intensity interval training combined with Yoga! A fun and effective way to challenge yourself by fusing the two seemingly different formats together to build strength, endurance, and flexibility.
HIGH	Kickbox Fusion	This addictive workout combines shadow boxing, kickboxing, sports drills, dancing, and yoga.
HIGH	RIPP	Pre-choreographed high energy barbell class that challenges every muscle group to the max.
HIGH	SPINNING ® (\$)	An effective indoor group exercise class utilizing stationary bikes. Instructor guides a ride simulating outdoor cycling that shreds fat and boosts cardiovascular strength and endurance.
HIGH	Tabata	"High Intensity Interval Training". High intensity refers to the amount of effort expended. Interval training involves alternating segments of work and recovery.
HIGH	TRX Velocity (\$)	Suspension training system to utilize your full core strength and adds bouts of cardio to engage every muscle in your body.
